

FreeStyle Fabric Collage ~ Class by Pati Fried

Pati studied painting, calligraphy and textile design before committing to a career in graphic design. Add to this, a 25 year love for both traditional and modern quilting, mixed media and hand stitching gives her quite an eclectic background. All of these avenues impact the work she is creating today as a textile artist. Teaching and sharing her passion for creativity with others is the driving force that keeps her pushing boundaries and exploring the "what if's".

Create a one of a kind fabric collage using your favorite fabrics. Learn valuable tips on creating a simple but successful composition, then dive into a freestyle method of raw-edge applique that will open up a whole new playground for you to explore! We will discuss layering, color and pattern choices, along with the key design elements that can be used for successful collaging. To finish, you'll also learn Pati's favorite style of free-motion quilting that will quickly add lots of personality to your garden.
