

## **Beet and Feta Salad**

### **Ingredients:**

Bunch of Beets  
Crumbled Feta Cheese  
Butter  
Salt  
Pepper

### **Directions:**

Peel beets and cut in bite sized pieces. Place on a piece of heavy duty aluminum foil. I also include a piece of non-stick aluminum foil to keep them from burning. Dot the beets with butter being sure to cover all of them. Sprinkle with salt and pepper. Wrap up the beets, making sure that you can open the packet easily to check doneness. Place in the oven at 400 Degrees for at least 30-40 minutes. When beets are done, pour all of the contents into your serving bowl. Sprinkle the Feta Cheese on top.
