Summer Flower Block

This block can be made from scraps. The large floral fabric was a 10" square. The two complementary strips were also from 10" squares. Most of the time you can find enough fabric from your stash without buying any more fabric.

Fabrics: Large bright colored floral print. (A & B)
White on White fabric (C & D)
Two different bright colored fabrics that match the floral print (F & G)

From the large floral print, cut a 7½" square and one 14" X 1½" strip.

From each of the two complementary fabrics, cut four 7½" X 1½" strips.

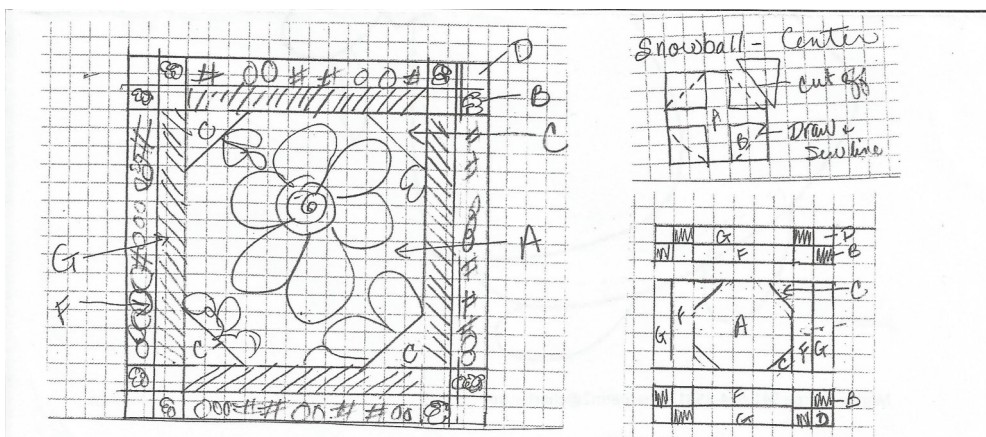

From the white on white fabric, cut four 2½" squares and one 14" X 1½" strip.

Using a stitch and flip method, draw a diagonal line across the wrong side of the white on white 2½" squares (F). Sew these squares on the corners of the 7½" floral print (A) to make a snowball block. Press toward the corner and cut the back two pieces ¼" from the sewn line.

Sew one F strip to one G strip. Repeat to make 4 strip units.

Sew the floral and white 14" X 1½" strips together. Cut apart at 1½". Make four 1½" square 4 patch units.

Sew the units together as the diagram shows to make the block. To be turned in at the July Guild Meeting.
