

Star Baby

The Starbaby layout includes foundation papers to make (4) 16" blocks that create a small lonestar. The pattern was designed by Judy and Bradley Niemeyer and creates an introductory pattern that can be completed in just a few hours and used to learn basic paper piecing techniques that can be applied to many of our lone star projects.

There are enough papers in this pattern to make (2) Starbaby wall quilts. And, replacement papers are available if you want to try out one of the larger layouts.

What You Will Learn in This Class: Judy Niemeyer's unique Organization, Stacking and Cutting Techniques, Floating Points, Paper piecing templates and tutorial. **Size:** 32 x 32 inches or 40 x 40 with border.

Zen Garden

Zen Garden was designed by Judy and Brad Niemeyer as a beginner pattern to introduce quilters to paper piecing and constructing an exploded star quilt layout. The project requires (24) diamond blocks. We chose the Shimmering Star Mixer Block for this design and added the Striped Pieced Mixer Border. We created the diamonds using a Quiltworx Strip Set, which has (48) 2-1/2" x 42" strips that have been selected and sorted by Judy and Judel Niemeyer into (6) color groups with (8) fabrics ranging from light to dark. The quilt requires paper piecing and traditional piecing skills, including curved piecing, to complete.

Once you've finished this quilt, we recommend checking out Quiltster to see a variety of other diamond blocks that could be used to create this design. Likewise, if you would like to expand it, there is a border option that replaces Group C and will extend the design to 99" x 99". Quiltster will give you yardage and an image of your expanded design. It also gives you border options, so there is more than one expansion option to increase the size of your quilt.
