(I think this applique block would look great with log cabin and/or rail fence pieced blocks to make a cozy quilt top)

Using a cream or tan tone on tone fabric for the background, cut a 12 1/2" square (if desired, block can be cut down to a smaller size after completed).

Use green fabric for the tree; brown for the tree trunk, gold for the star and brown/tan/gold/dark red prints for the cabin pieces.
Don't be afraid to use some fun prints for your cabin parts.

Cut out the pattern pieces (be sure to add 1/4" to the pattern pieces for hand applique). Using the spacing guidelines noted below, center the pieces on your background square and machine or hand applique the pieces onto the background.
